John Girling

Chairman

Wildlife Foxton Trust

22/04/2015

Dear John,

I wish to congratulate the above trust for the fabulous work you have put into ensuring that Foxton is a key centre for wildlife preservation and to develop an educational and tourist facility that our township can be proud of.

Coley Street School wishes to support the development of this facility and will commit to ensuring that our students utilise the knowledge and experiences gained from school visits.

We currently have $\frac{3}{4}$ of the Foxton Town's primary population and it is extremely important that our children understand the significance of your trust's work.

If we can be of help in any special projects please do not hesitate to ask us.

Yours sincerely

Peter Kemp - Principal
