

17 June 2015

**To Whom It May Concern**

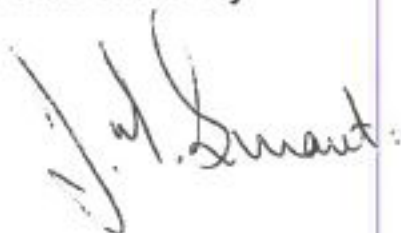

The Foxton Community Board was pleased to have a presentation from Mr John Girling on behalf of the Wildlife Foxton Trust at its Board meeting on 15 June 2015. The presentation was interesting and informative and it was helpful, in response to Board Member's questions, to have Mr Girling expand on the Wildlife Foxton Trust's aims and aspirations.

The Board appreciates that the Trust's endeavours, as outlined, will benefit Foxton and will help grow the area both ecologically and economically and has expressed its support by passing the following unanimous resolution:

*"THE Foxton Community Board supports in principle the vision of the Wildlife Foxton Trust in establishing a wildlife centre in Foxton and the Trust's fundraising endeavours to fulfil that vision."*

The Board wishes the Wildlife Foxton Trust well in its endeavours and will support the fulfilment of the Trust's endeavours when and where appropriate.

Yours sincerely

Janine Smart  
Chair  
Foxton Community Board
