2nd June 2015

John Girling
Chairman
Foxton Wildlife Trust
FOXTON

Dear John,

The Trustees of the Manawatu Estuary are very pleased to offer support and work together with the Foxton Wildlife Trust in their objective of setting up a wildlife centre to promote the natural wildlife of the area.

One of our Trust's aims is to promote the natural features of the Manawatu Estuary, which fits in very well with the Wildlife Trust, and our aims and objectives are very similar. And it makes sense to work in together.

The Trustees of the Foxton Wildlife Trust are very enthusiastic and thorough, and their vision for Foxton can only be of benefit to both the special area and the local people.

Yours sincerely

Kelvin Lane
Chairman
